

JOSEPH W. JONES ECOLOGICAL RESEARCH CENTER

ICHAUWAY, INC.

AQUATIC BIOLOGY TECHNICIAN I

The Joseph W. Jones Ecological Research Center invites applications for the temporary position of **Aquatic Ecology Technician I**. The successful candidate will assist with the collection and analysis of water quality samples in streams and wetlands. Assist with field and laboratory analyses of ecological communities (aquatic and terrestrial invertebrates) and processes in freshwater wetlands. Perform data entry, data summarization, and contribute to the development of research presentations. The technician will assist the Lead Technician and Staff Scientist in a variety of studies on Coastal Plain Streams and Wetlands.

The 28,000-acre Research Center is located approximately 30 miles south of Albany, Georgia. The Center's research, education, and conservation programs focus on ecology and natural resource management. The site includes 16,000 acres of longleaf pine forests, over 1,000 acres of wetlands, and 26 miles of stream and river ecosystems. Further information about the Jones Ecological Research Center can be found on the web site at www.jonesctr.org

Job Requirements: Familiarity and experience with water quality instrumentation/analyses will be required. Familiarity with aquatic invertebrates is desired. Experience with Windows based computers is also required. Must be willing to work in the field under strenuous conditions. Must be able to swim, and be able to use snorkeling equipment for freshwater mussel surveys. Must be willing to work on evenings and weekends occasionally; after hours work will be scheduled in advance.

Qualifications: B.S. in Ecological or Biological Sciences required.

Wages: \$22,000 annual salary plus a competitive benefits package.

Specific questions regarding the position should be sent to Tara Muenz, tara.muenz@jonesctr.org. To apply, send resume, references and a letter describing relevant course work or experience to: **Cindy Craft, ATTN: Aquatic Biology Technician I, Joseph W. Jones Ecological Research Center, Rt. 2, Box 2324, Newton, GA 39870**. Fax (229)734-4707; or send by email: cindy.craft@jonesctr.org
