

SUMMARY CURRICULUM VITAE

[Kevin McIntyre](#)

Education Coordinator

Kevin McIntyre's professional interests center on the application of science to conservation and management of natural resources, with a focus on restoration and management of protected lands and natural areas of the coastal plain. His professional experience includes many years in natural area management as well as land protection efforts with conservation organizations. Specific interests at the Jones Center include ecological forestry, groundcover restoration, and social and economic aspects of natural resource management.

Education:

MS in Wildlife Ecology, University of Florida, August 1998

BM in Music Theory and Performance, Georgia College, May 1981

Professional Experience:

2001-present: Education Coordinator, J.W. Jones Ecological Research Center

2000-2001: ACE Basin Project Director, The Nature Conservancy of South Carolina

1999: Conservation Coordinator, Tall Timbers Research Station

1990-1999: Natural Resource Manager, Little St. Simons Island

1989: Biological Technician, National Park Service, St. Croix, USVI

1986-1989: Interpretive Naturalist, Little St. Simons Island

Professional Affiliations:

Society of American Foresters

Service:

Chair, Longleaf Partnership Council 2014-2015
