Landscape Ecology Lab — Seasonal Research Technician

The Jones Center at Ichauway Landscape Ecology Lab invites motivated applicants for a full-time (40 hours per week), Seasonal Research Technician. The lab studies disturbance ecology in forests of the southeastern U.S. This employee will assist in the Landscape Ecology Lab (https://lab.jonesctr.org/cannon/) with a variety of projects with field and lab duties that may include: collection and preparation of dendroecological samples, (2) collection of forest inventory data, (3) assessment of post-fire tree mortality, (4) monitoring post-fire recovery, (5) assistance with acquisition and processing of terrestrial LiDAR data, and (6) data management. Additional duties, if qualified, may include conducting guided independent research. We strongly encourage applications from historically underrepresented groups.

The application deadline is May 5, 2023. The position will begin as early as June 5, 2023, and may continue through December 2023. Applications will be reviewed upon receipt until the position is filled.

Job Requirements: The successful candidate must be willing to conduct strenuous physical activity (walking, standing, bending, stooping, climbing, and lifting) under demanding field conditions (i.e., heat, high humidity, heights, and insects). Candidate must be able to conduct sample preparation and analysis tasks in a lab setting. We will expect the candidate to work independently and in a team on a broad array of forestry and environmental monitoring tasks.

Qualifications: Bachelor's degree in ecology, biology, forestry, natural resources management, or a related field is preferred but not required. Previous experience in the field of ecology, botany, forestry, or natural resources is preferred.

Wages: $10.00–$12.00 per hour with housing (Limited on-site housing is available)
$12.00–$14.00 per hour without housing (Rate will depend on qualifications)

To apply, please send (1) a brief cover letter detailing experience, research interest, and/or goals, (2) resume, and (3) a list of at least three references to: andy.whelan@jonesctr.org AND jobs@jonesctr.org **Subject: Landscape Ecology Seasonal Research Technician**. Send specific questions regarding the position to andy.whelan@jonesctr.org or jeffery.cannon@jonesctr.org. Applicants must be authorized to work in the United States.

The Jones Center is a 28,500-acre research center located between Albany and Bainbridge, Georgia. The Center's research, education, and conservation programs focus on ecology and natural resource management. The site includes 16,000 acres of longleaf pine forests, over 1,000 acres of wetlands, and 26 miles of stream and river ecosystems. Further information can be found on the web site at http://www.jonesctr.org/.

The Jones Center at Ichauway aspires to fully embrace equity, diversity, and inclusion. We reject all forms of racism including overt and systemic, prejudice, discrimination or hate toward any race, ethnicity, culture, age, gender, sexual orientation, gender identity, ability, national origin, veteran status, socioeconomic class, religion, or professional status. The Jones Center at Ichauway is an equal opportunity/affirmative action E-verify employer.
